South Carolina State Report Card

State and federal laws require public schools to release report cards to the public each year. This year, the report card has been updated to reflect changes in reporting directed by the SC Education Oversight Committee. Schools will not be rated for state accountability purposes until Fall 2017 when the state will transition to a single accountability system. The following reports student performance in school year 2014-15.

Our school is helping all students develop the world class skills and life and career characteristics of the Profile of the Graduate by helping students develop academic knowledge and skills through 21st Century learning experiences. Instruction is designed to meet the needs of each learner as the foundation is laid to develop lifelong learners who are successful in college and careers. Lady's Island Elementary is an arts infused school that delivers a viable curriculum integrating the arts and technology. Students continue to develop strong literacy skills through the implementation of balanced literacy and the district's 1:1 technology initiative. Additional support is provided by utilizing Response to Intervention, reading interventionists, and tutors. The Connect2Learn initiative enables students to learn 21st Century skills through the integration of iPads. Successful implementation is attributed to on-going professional learning opportunities that broaden teachers' capacity to deliver meaningful instruction. Lady's Island Elementary boasts strong programs in theater, dance, music, and visual arts. Teachers collaborate to deliver instruction that integrates art and content standards. We are the recipient of two art grants which fund Artists-In-Residence who assist students in developing world-class skills including creativity, innovation, problem solving, and collaboration. Students demonstrate the profile of the graduate through experiences afforded to them. Our school prides itself on developing the whole child by presenting opportunities for well-rounded student engagement. Notable school activities include Junior Beta Club, Student Council, Cup Stacking Competitions, Running Club, Art Walk, a science fair competition, and field trips that enrich the learning experience. Students continue to take responsible action in our community. This year, they participated in community outreach by collecting and donating resources for a variety of needs. They also performed for assisted living residents. Local businesses proudly display students' framed art. We received Average ratings in achievement and growth on our 2014 report card which indicates that students are meeting the standards. Other commendations include strong participation on the South Carolina Elementary Honors Choir and the dance festival. We are pleased with the many successes our school has experienced this school year, and look forward to the future as we "Soar to Excellence in Academics and the Arts!" Marvelle Ulmer, Principal Ervin Sebestyen, SIC Chair

* 21st Century core courses in Social Sciences include History, Geography, Economics, Government and Civics.
